

ELEVEN BISHOPS WILL BE PRESENT

Sixth Missionary Conference of
Department of Sewanee to
Meet at Charlotte.

SESSIONS BEGIN TUESDAY

General Mass-Meeting in Interest
of Missions Will Be
Closing Feature.

[Special to The Times-Dispatch.]
Charlotte, N. C., October 27.—It is expected that the Sixth Missionary Council of the Department of Sewanee, of the Protestant Episcopal Church, which is to be held in Charlotte October 29 to 31, will be one of the most largely attended meetings of this body yet held. It is known already to the committee in charge of entertainment that eleven bishops of the church will be present and ministers, laymen and women numbering almost 250, and it is expected that quite a number will be present who have not yet notified the committee of their decision. The delegates will be hospitably entertained by the members of the four Episcopal Churches in Charlotte, assisted by members of other denominations.

The sessions of the Missionary Council will be held in St. Peter's Church, and at the same time the Woman's Auxiliary of the Department of Sewanee will hold sessions in the parish house of the church. The sessions of the auxiliary will be so arranged as to give the women opportunity to attend all of the public meetings of the council.

The Protestant Episcopal Church in America is divided into eight missionary departments, each of these corresponding to the territorial divisions of the church, and each department is in charge of a general secretary, appointed by the general board of missions of the church. The general convention of the church is held once every three years, and every year, except those when the general convention is held, the general secretaries of the missionary departments call the departments together in these meetings, known as missionary councils. On account of the large territory covered by the Episcopal Church in America, great advantage in the work of the church has been derived from the division into departments. The meetings of the missionary councils are not for legislation, but for conference and advice. One of the important functions of the council is the election of representatives to the general board of missions.

The Sewanee Department, which is known also as the fourth department, because of its geographical location, includes fourteen of the twenty-one Southern dioceses which are affiliated with the University of the South, at Sewanee, Tenn., these being the dioceses of Alabama, Atlanta, South Carolina, East Carolina, North Carolina, Florida, Georgia, Kentucky, Lexington, Louisiana, Mississippi, Tennessee and the missionary districts of Asheville and Southern Florida. Rev. Robert W. Patton, of Virginia, but whose official

WILL BE MARRIED NOVEMBER 27

A. T. McNEELY,
of Kenbridge.

duties are centred in Atlanta, is secretary of this department, and he has arranged the program of the council to be held next week. Mr. Patton is recognized as one of the ablest ministers and one of the best informed and most successful workers in the interest of missions in the Episcopal Church. He has given to the preparation of the program of the council the most careful attention, and has included topics covering the missionary work of the entire church, as well as those relating to the special problems which concern this department more especially.

It is probable that no one of the eight departments of the Church has greater or more clearly defined problems and duties from a missionary point of view than is true of the Sewanee Department. This is true because of the fact that in the territory of this department reside by far the largest per cent of the negroes, the operatives in the cotton mills and the mountain people who are closely or remotely included in the home mission work of the Episcopal Church. It is estimated that within the territory of this department there are nearly 9,000,000 negroes, nearly 4,000,000 mountain people, and many thousands of people who are operatives in the cotton mills of the South.

The opening session of the council will be held on Tuesday evening, and the principal subject to be discussed during that session will be "The Church and National Life." Wednesday morning and Thursday morning, at 7:30 o'clock, the Holy Communion will be celebrated, and the morning and afternoon sessions will be devoted to business, special addresses and conference on important subjects to be considered by the council. Wednesday evening the "Laymen's" dinner will be served, and in connection with this a number of the most prominent men attending the council will deliver addresses. The closing session of the council and a general mass-meeting in the interest of missions will be held

MISS PAULINE HETHORNE,
of Kenbridge.

on Thursday evening. Among the speakers who are expected to deliver addresses on Thursday evening are Bishop Lloyd, of Virginia; Bishop Gallor, of Tennessee; Dr. Barr, of New Orleans, and John W. Wood, of New York, the last named being one of the secretaries of the general mission board of the church.

ANNIVERSARY OF BURNING OF COTTAGE AT ORPHANAGE

[Special to The Times-Dispatch.]
Lynchburg, Va., October 27.—Yesterday was the third anniversary of the burning of the Shelton cottage at the Presbyterian Orphanage here, when five little girls were burned to death, twenty-four being rescued by heroic female attendants. Since then the orphanage has been rebuilt, four new buildings taking the place of the burned one and others later sold for development of a suburb.

Long Trip Through Africa.
[Special to The Times-Dispatch.]
Lynchburg, Va., October 27.—Bishop W. R. Lambuth, who has just completed a 16,000-mile trip through Africa, to-day preached at Memorial Methodist Church and to-night addressed a large union service of the city at Centenary Church. He is accompanied on a trip by Rev. C. F. Reid, a missionary in China and Korea.

MASONIC TEMPLE FOR ASHEVILLE

Lodge Plans to Erect \$50,000
Building—Y. M. C. A.
Extension Work.

[Special to The Times-Dispatch.]
Asheville, N. C., October 27.—The Masons of this city within a few months will erect a handsome four-story temple at the corner of Woodfin and North Main Streets, at a cost of \$50,000. The building will be one of the handsomest Masonic temples in this State, and its location will be ideal for such a structure. Just across the street from the lot owned by the Masons the Asheville aerie of Eagles will construct a home, at a cost of \$20,000. The Eagles Home Company has purchased two lots at the west corner of Main and Woodfin Streets, and the construction of the building will be started as soon as the contract for the building is let.

Provisional Division Commander John A. Guffey, within a few days, will issue a call for a convention of the Spanish-American War veterans at this city. The convention will be held for the purpose of perfecting a division of North Carolina, and the date for the meeting will be announced upon the receipt of charters by several camps which have been organized in this State within the past few months. Mr. Guffey was appointed commander upon the recent formation of a provisional division in this office in the division, the custom of the veterans being to continue the commander in office upon the formation of a State division.

The Young Men's Christian Association is doing a great deal of college and extension work in this section of the State, a number of organizations having been formed within the past few weeks. The Birmingham School has formed a Y. M. C. A., and one has been organized at the Weaverville College, at Weaverville, N. C. The Culver Training School is making plans for the organization of an association at that place, and it is expected that the institution will be represented there within a very short time.

A mild sensation was created in the criminal term of Superior Court Friday, when W. H. Hughes, who appeared as the prosecuting witness in the case against Charles Snead, charging the latter with selling whiskey illegally, admitted to the attorney for the defendant that he had had been promised a fee of \$10 if the prisoner were convicted by V. S. Lusk, the president of the Law Enforcement League, of Asheville, who appeared as the prosecuting attorney in that capacity. Mr. Lusk went on the stand and denied the charge. Snead was found guilty.

The owners of real estate in this section of the State will hold a meeting here next week for the purpose of listing their property and preparing a report of the available orchard and farming lands which are offered for sale in Western North Carolina. This report will be submitted to various railroads of the western part of the United States, with a request that colonists' rates to this section of North Carolina be offered by the various systems.

The site of the old Kentworth Inn will be the location of a new \$250,000 hotel by that name, which is to be erected at an early date, the Kentworth Inn Company having applied for a charter. The old structure was destroyed by fire several years ago and the vast park in which it was situated has been given over to recreation grounds.

More cattle are being shipped from Western North Carolina just now than ever before. Scores of car loads are being handled from this city each week by dealers and refiners. A large number of them are being sold on the Richmond market, and quite a few are being sold to Eastern packers.

KILLED IN AUTO ACCIDENT.

Young Tennesseean Meets Tragic Death in California.
[Special to The Times-Dispatch.]
Bristol, Va., October 27.—Relatives here and in East Tennessee have been advised of the tragic death of George West, a prominent young civil engineer, who was killed in an automobile accident in Los Angeles Friday afternoon. He is survived by his wife, who was a Miss Johnson, of Chicago, and one little daughter. He was a son of Edward H. West, president of the First National Bank of Jacksonville, Tenn. He was a West Point graduate.

"Here, smoke some real tobacco
that can't bite your tongue!"

Jam it into a jimmy pipe or roll a
cigarette—and get real smoke joy!

Here's tobacco that's got "the goods" sign plastered all over it. You never smoked such bully tobacco, because there never was tobacco like it—and can't be for many years, because it is made by a patented process.

You cut away from notions that you can't smoke a pipe. You can—and you'll enjoy every puff—"P. A." won't bite your tongue. The sting has been cut out. No other tobacco can be made like

PRINCE ALBERT

the national joy smoke

It makes a royal cigarette. It's good for what ails you to switch from the dust-brands that burn up like powder—and go at "P. A." For here's freshness and sweetness—and long-burning, too! It's easy to roll "P. A." because it's crimp cut and stays put! You'll never know how much better a "home-rolled" cigarette can be until you roll up and hook a match to "P. A."

Buy Prince Albert anywhere, everywhere—in 5c tippy red bags; in 10c tidy red tins and handsome pound and half-pound humidor.

LACK OF TEACHERS IN MANY COUNTIES

Many Young Women, Trained
for Profession, Marry, Is
Explanation of Dearth.

[Special to The Times-Dispatch.]
Arvonia, Va., October 27.—Though the one-room schools of the county were supposed to open on October 7, it was only this week that all the seventy-five schools of this class in the county were supplied with teachers. The great dearth of teachers in this and other counties of the State is supposed to be due to the fact that many of the young women teachers have married and given up the profession of teaching. Every year the normal schools turn out large numbers of excellent teachers, and there are many high schools all through the State that educate teachers, but, with all these facilities, the supply of teachers this year has been smaller than any other year since the public schools were opened.

Wise ones declare that the prosperity and high prices for crops has caused farmer boys all over the State to marry, and that in many cases the bride was a school teacher. That is given as the reason why emergency teachers are being asked for throughout all the rural sections of the State.

On next Friday, Patrons' Day will be observed at all the schools of the county. In many places elaborate programs are being arranged. At Dillwyn there will be a fine program, with Dr. F. W. Bontwright, of Richmond College, as one of the speakers, with the subject "The Country Boy," while Professor J. B. Terrell, State supervisor of high and graded schools, will speak on "What Constitutes a School." Hon. Pembroke Pettit, of Palmyra, will deliver a humorous lecture on the subject, "I am to Speak as I Please, if You Please."

On yesterday the famous Greeley gold mine properties, in all about 500 acres, were sold by auction at Dillwyn. These properties are located near Arvonia.

APPETITE AND DIGESTION.

I had not taken MILEM more than three or four days when I began to see a decided improvement in appetite and digestion.
Rev. R. L. McNaught, Charlotte C. H., Va.

pha, on the Buckingham branch of the Chesapeake and Ohio Railway. The properties fell into the hands of the famous Horace Greeley, of New York, just after the Civil War, and have been held by his heirs since his death. The sale was brought about for the purpose of making a settlement.

Farmers throughout this section of the State are making full preparations for large crops of wheat and grass. The wheat crop has been seeded, and fall and summer-sown grass is looking better than for many years. Cattle dealers remark upon the fine condition of the cattle, owing to the fine seasons upon the late grass. Experienced alfalfa raisers report another dry summer which seriously interfered with their plans sown to this grass.

A large estate at New Canton will shortly plant a thousand apple trees, the planting to be by dynamite. The demonstration will be made by the company doing the planting, and the farmers and fruit-growers from this entire section will be invited to observe the process. Sample apples will be given away.

Asa Brown, the young man who recently was dangerously injured by having a 3,000-pound log roll completely over him, was taken to Richmond for treatment and returned here hopelessly paralyzed from his waist down.

Politically, everything is quiet in Buckingham County, though a large vote will turn out on election day, and vote practically to a man for Woodrow Wilson. Neither Taft nor Roosevelt will get more than a scattering vote in the Central Virginia counties.

SENTENCED TO PENITENTIARY.
John M. Ring Convicted on Charge of Larceny.

[Special to The Times-Dispatch.]
Pulaski, Va., October 27.—John M. Ring was convicted in the Circuit Court of Grayson County on the charge of larceny and given four years in the penitentiary, a compromise reached in the meantime. It became known that Ring had proceeded at length in trial. During the cattle season of 1911 Ring was purchasing cattle in Southwest Virginia, and among others bought several cars of cattle, hogs and sheep in Grayson County. In payment therefor he gave checks dated about ten days in advance, assuring the farmers, it is said, that as soon as he got the stock to the Lancaster, Pa., markets and sold he would be in a position to have their checks accepted at the Bank of Speedwell. Ring sent a check to the bank for an amount approximating \$5,500, but the check was returned marked "no funds." The bank on which the checks were given in payment to the farmers refused to accept, and they found they had been deceived. In the meantime Ring had fled. He returned to the county in an endeavor to adjust the matter, but was placed under arrest and convicted at the present term of the court. He gave a lien on his Maryland farm to the creditors in Grayson County, and was taken to the penitentiary yesterday to serve his sentence.

BRAKEMAN KILLED WHEN HIT BY TRAIN

[Special to The Times-Dispatch.]

Charlottesville, Va., October 27.—Ernest L. Johnson, of this city, a well-known Chesapeake and Ohio brakeman, met instant death at an early hour yesterday at Manassas. He left his train, an extra northbound freight, No. 594, to go back and flag southbound Southern Railway passenger train No. 26. When called in he failed to respond. The engineer on the passenger train stopped at the station a moment later and reported that he had struck a man. An investigation followed. Mr. Johnson being found at the foot of an embankment with his lantern extinguished. Quite a gash was found in his head.

Mr. Johnson was a native of Staunton and was about thirty-two years of age. He had been in the employ of the Chesapeake and Ohio about nine years. He was a member of Monticello Lodge No. 509, Brotherhood of Railway Trainmen, and of the Order of the Golden Seal, of Richmond. Two sisters survive, Mrs. Lewis, of Staunton, and Miss Johnson, of Richmond.

Outing for Students.
[Special to The Times-Dispatch.]
Lynchburg, Va., October 27.—Two hundred and sixteen girls from the Randolph-Macon Woman's College spent yesterday on an outing at Natural Bridge. Most of the excursionists were freshmen who had never seen the bridge.
